

# < Bugs >

# The Class of '25

It's not a bug, it's a feature!

```
// This works, don't ask me why
(function repeat() {
    eat();
    sleep();
    code++;
    workout++;
    Pray++;
    repeat();
})();
```

```
// TODO: Fix this
<\> {
    System.out.println("IT'S OVER!")
}
```

Syntax Error: Expected ';'
